## NAME
rebar – corrects bar-number comments in MusiXTeX scores

## SYNOPSIS
**rebar** [−**v** | −−**version** | −**h** | −−**help**]

**rebar** [ *infile***.tex** [ *outfile*[**.tex**] ] ]

**rebar** [ *infile***.aspc** [ *outfile*[**.aspc**] ] ]

## DESCRIPTION
**rebar** reads a MusiXTeX score and generates a copy with bar-number comments of the form *%barno* appended to the following commands:

    \bar
    \alaligne
    \alapage
    \leftrepeat
    \rightrepeat
    \leftrightrepeat
    \startpiece
    \startextract
    \changecontext
    \Changecontext
    \contpiece
    \Contpiece
    \xbar

replacing any existing comments.  The following commands are respected:

    \startbarnumber=...
    \barno=...
    \advance\barno...

Bar-numbering in the MusiXTeX output is not affected.

If no output filename is provided, output goes to standard output. If no input filename is provided, input comes from standard input.
